

¡Cuéntame de tu Familia!

Hello Everyone! As we have covered in class, a family is quite diverse. Each member of the family has different interests, hobbies, favorite food items, and the list goes on.

1. Use your family tree assignment from the previous week to help you fill in the "Cuéntame de tu familia" graphic organizer.
2. Use [Popplet](#) to create your graphic organizer consisting of eight family members (including yourself). You will need to:
 - a. Title your popplet, "Proyecto: Cuéntame de tu Familia"
 - b. Create a popplet per family member with their name and a picture of them.
 - c. Create a separate popplet linked to each family member that defines your relationship to them.
 - d. Create a separate popplet linked to popplet "C" (from above) indicating their favorite activity.
 - e. Make sure all your popplets are color coded. Example: All "B" popplets are black, "C" popplets are blue, and "D" popplets are red.
 - f. If you choose to use a TV family, pick one of the characters to be yourself. For example, I chose to do my assignment as if I was Alex Dunphy from TV's *Modern Family*.
3. Tell me about your family in one paragraph using the information from your graphic organizer.
4. Use the vocabulary terms from the text book "Voces y Vistas" (Ch. 3, pgs. 44-45) to help you write your paragraphs.
5. If you wish to not write about your own family, you may complete the assignment about a famous television family. You may not; however, use "*Modern Family*", as that was the example used in class.
6. You may collaborate with your classmates for help, but each student will create their own popplet graphic and write their own paragraph.
7. Please turn in the link to your popplet page and word document (containing your paragraph) via the *Lesson 3* tab from my website: [juarezlafamilia](#).
8. Review the scoring guide for this assignment to make sure you meet all the requirements.

Proyecto: Cuéntame de tu Familia
